Diaspora in North America.**

THEME

BABAMNA, catalyzing an effective dynamic of unity for a more thriving, and impactful Bassa Bati Mpo'o (BBM) diaspora in North America. What does that mean in 2 years, 5 years and 10 years?

The perspectives of a young business leader, an opinion leader, a political leader, a business tycoon, and other members of the BBM elites.

OBJECTIVE

The objective is to build on the panelist experience and expertise in their respective fields, to contribute to the establishment of a roadmap with clear milestones, to transform into an impactful reality, our vision of a more unified, thriving BBM diaspora in North America.

FORMAT

The roundtable will be moderated and will be livestreamed on Facebook and Zoom. Panelists are encouraged to submit for publication the full versions of their presentations before the roundtable.
