BABAMNA ATLANTA 2024 CONVENTION THEMATIC CONTRIBUTIONS

Catalyzing an effective dynamic of unity based on solid links and permanent exchanges on issues of collective interest

OBJECTIVE

The objective is to promote the establishment of an effective ecosystem that brings together all associative and individual actors (visionaries, entrepreneurs, traditional leaders, scholars, politicians, ...), promotes the development of ideas, the manifestation of talents, and capitalizes on the expression of internal and external driving forces, in a coherent dynamic structured around resolving the most important issues the development of the community depends on.

FORMAT OF CONTRIBUTIONS

You are encouraged to contribute. You can contribute a written article of up to 10 pages maximum or a video of 15 minutes maximum, in French, English or in one of the Bassa Bati Mpo'o languages, on any subject or perspective likely to shed light on the concern of efficient organization of the community around a synergistic dynamic.

Your intervention may aim to achieve some of the following objectives:

- Educate the public on a particular issue.
- Interest the public in historical or anthropological issues.
- Generate inspiration, interest and public engagement through examples of successful initiatives in specific areas of interest.
- Present a personal biographical experience worthy of sharing.
- Propose innovative strategic approaches or courses of action with high potential.

The texts or videos proposed and selected will be published on the various media channels of BAMBANA as well as on the communication platforms of the affiliated associations.

BABAMNA ATLANTA 2024

• Websites	• YouTube Channels	• Pages Facebook
• On TikTok	• Newsletters	• GA breakout sessions

To the extent possible, some of the proposed interventions in Bassa, Bati or Mpo'o, could be translated into French or English.

The Round Table, in which several special guests will speak, will be a solemn opportunity for discussion and exchange on certain major topics and issues. Similarly, several sessions and discussion groups are planned during the General Assembly to constitute a privileged moment of deepening the sharing on concerns of primary interest.

The synthesis of these various exchanges will make it possible to determine targets for action and to formulate significant operational recommendations in the short and medium term.

Thematic round tables will be organized after the convention based on relevant needs.

SUGGESTED TOPICS

Culture, traditions, integration and public life

To live, celebrate, preserve and promote our culture and traditions, to build a structured, positive, coherent and efficient immigration experience in North America.

- The learning and promotion of languages, history, philosophy and anthropology Bassa Bati Mpo'o.
- Learning and promoting the geography, resources and economic potential of the Bassa Bati Mpo'o community.
- Learning and promoting the folklore, arts, music, dances and cuisine of the Bassa Bati Mpo'o.
- The promotion of active and civic participation in public life in North America and Africa.

Education, Business, Economics and Finance

Promote the exploitation of operational resources in new technologies, financing and other high-potential opportunities, to develop collaboration within the community in the diaspora and optimize exchanges with the community of origin, with a view to entrenching the trajectories of fulfillment, increasing economic wealth, ensuring the conditions for fulfillment.

- Promote the sharing, popularization and use of new technologies (Internet, social networks, mobile technologies, solar, artificial intelligence), for optimal exploitation of the opportunities associated with them.

- Promote the sharing of information in the field of microfinance, particularly with a view to promoting wealth creation projects and the development of economic initiatives in the community of origin.

The conditions and modalities of the diaspora's contribution to the preservation and development of the cultural, geographical, land and economic community heritage.

Reflection on sustainable solutions to the ecological crises and environmental challenges facing the community.
